Options – Internal

12mm Vertical Cladding

12mm vertical cladding, using Scandinavian kiln dried redwood tongue and groove. This option comes with an aluminium thermal and vapour barrier membrane, laminate flooring and 6" torus skirting board; making it an ideal option for all year round use.

16mm Heavy Duty Flooring

Heavy duty flooring is a great option if you are storing heavy items or for example using your garden building as a gym.

Size	12mm Vertical Cladding (option available for summerhouses and garden rooms only)	16mm Heavy Duty Flooring (included on all security and garden room buildings)
